Welcome to the planet Mobius - - a world beyond what you know from the SEGA games! Where Silver the Hedgehog has joined a secret team of freedom fighters to undermine the evil King Ixis Naugus and save the future!

SONIC UNIVERSE™

PREVIOUSLY...

The city of New Mobotropolis is under SIEGE!

Sonic the Hedgehog's home city continues to reel following the devastating attacks of Dr. Eggman. These attacks have lead to the destruction of the city's heroes, the Freedom Fighters.

To make matters worse, the city has also been attacked from within! The evil Wizard Ixis Naugus has usurped the crown of Acorn, and driven the former king Elias Acorn and his family into exile! King Naugus has used his dark magic to turn the tide of public opinion in his favor, but such an unstable and evil ruler has put the entire kingdom and its people in jeopardy.

But in the shadows a new team of Secret Freedom Fighters have formed to do the work that the public heroes can't do – put an end to Naugus's rule! To take down the brutal tyrant, the SFF have turned to tracking down his apprentice, Geoffrey St. John, as he traveled abroad for reasons unknown. Geoffrey was confronted by Silver's squad while extracting a mysterious artifact from ancient ruins. While the slippery skunk managed to escape, he was also tagged with a tracking device.

Silver, Shard and Larry Lynx are battling Geoffrey, while Elias Acorn, Leeta and Lyco are charged with tracking Naugus and confronting the terror BELOW THE CITY...

3 TEAMS. 2 TITLES. 1 SECRET.

In the aftermath of the destruction of the Knothole Freedom Fighters, the heroes have split into two teams: Team Freedom and Team Fighters. But Sonic and his pals are public heroes – they can't just ignore the rule of law like Geoffrey St. Jerk, who was tried for treason for doing just that back in STH#233. But Naugus is evil, he's gotta go! So what's the third option?

That's where Harvey Who and his Secret Freedom Fighters come into play – and their formation has been brewing since that very Sonic the Hedgehog #233 issue (don't believe me? download it today on the Sonic App and read all about it! plugplugplug). In choosing this team, a lot of factors came into play. These heroes needed to be outcasts, for one. Desperate characters looking to do the right thing, but who are also motivated to do this for their own, personal reasons.

To find out more about what those reasons are – make sure you pick up issues of Sonic the Hedgehog throughout the summer, as each issue features one more piece to the Secret Freedom Fighters origin puzzle! And make sure you come on back here next month as "Secret Freedom" reaches its fever pitch! And did I mention Sonic Universe vol 3 Graphic Novel will be available NEXT MONTH?! Dear 'My Sonic Universe,'
I've been a long time reader, and have written in a few times, but I just want to say what an excellent job everyone on the Sonic titles does every time.

Aww, shucks, you are too kind!

Also I've been reading all of my Sonic and Sonic Universe issues over again from the start (In which I now own all but 2). I am currently on issue 209 of the regular comic, and 13 of Sonic Universe.

Keep on reading! It only gets better!

I have one question for you now regarding Thrash the Tasmanian Devil from the Downunda Freedom Fighters. I'm wondering if we are going to see him pop up again in a Sonic Universe arc? When we last saw him (in Sonic Universe # 12) he said that he would be picking up his old quest after Knuckles asked him what he was to do next. I consider myself a huge fan of the D.F.F team and I'd like to see more of all of them.

Thrash will definitely be back again real soon! Keep on reading to find out!

Keep up the excellent work with both Sonic and Sonic Universe; they're both comics I really anticipate every month.

Sincerely,
Robert S. G.
from New Hampshire

Thanks for writing in, Robert!

And that's all the room we have!

SEE Y'ALL NEXT MONTH!
